The Jimmy Haslip's Melodic Bass Library: Scales And Modes For The Bass Guitarist

Synopsis

An indispensable book on scales and modes for the bass guitarist. The lessons contain diatonic, modal, pentatonic, whole tone, and diminished scales as well as modes of both the harmonic and melodic minor scales, Eastern, Middle Eastern, and other exotic scales of Jimmy's own invention.

Customer Reviews

Definitely a well thought out description of basic theory and advanced techniques designed to further a bass players abilities as well as the beginner.

I had this about 20 years ago; lost it to a Natural Disaster in 2008; I'm GLAD it is STILL in print!

I've been playing bass since 1986 and of all the books and videos and cd's and cassette's I have owned and borrowed over the years this book has my highest recommendation. If you want to know the serious musical aspects of bass playing and the most important scales and modes, this is it.
