# The Standards Real Book, C Version

## Synopsis

The Standards Real Book is the most comprehensive book of classic songs in the jazz tradition ever published. Lyrics are included for every song that has a lyric and even the verses are there, especially valuable for vocalists. The book includes the best songs of Gershwin, Rodgers & Hart, Cole Porter, Harold Arlen, Henry Mancini, Johnny Mandel and many more! The Gold Standard in jazz songbooks.

## Book Information

## Customer Reviews

Singers! All of you should line up and kiss Chuck Sher's feet! For doing these genius fake books for us, I mean a world without them is inconceivable. MARK MURPHY --Personal correspondence This is an incredible selection of songs, such beautiful songs, many of which one never sees printed. And as always in the books published by Sher Music Co., they are represented accurately. MARIA SCHNEIDER --Personal correspondence Sher Music's Real Book series just keeps getting better and better. The Standards Real Book is the closest thing in print to The Great American Songbook. MARK LEVINE --Personal correspondence

This book, together with the Sher "New Real Book" series are well done lead sheets. I think the Hal Leonard "Real Book" series has more of what I would consider the "old" standards (30s-50s), though there is a lot of overlap in titles between the series. I think you can check the index/table of contents online to see the titles included, to see if it has what you want. The Sher series seems to be a little more aggressive with alternative chords/progressions than the Hal Leonard series. The

print is a little clearer, and there are lyrics included with many of the tunes (Hal Leonard Real Book series generally does not). Chord changes vary slightly between same tunes in the Sher and Hal Leonard series, but can't say that one is better or worse.[...]I bought both the Sher and Hal Leonard series, and am happy with both.

Great arrangements and wonderful diverse chords. I bought this to use with my ukulele. I transpose a lot of the songs and arrange them to play as melody-based songs.

Great chords. Clearly printed. Good song selection. Lots of detail not found in many fake books. Clearly worth the price.

I have many "real books" and this is definitely one of the better ones.

good price. Indispensible book for jazz musicians.

The Standards Real Book (C Version) by Chuck Sher is everything that I hoped it would be and more. The song list is great, chord options are outstanding. Being a guy who just got back to playing the guitar after more than 40 years, I am playing the songs I want to play while learning to chord options. EXCELLENT PRODUCT, (Chuck I want The Standards Real Book (C Version) #2).BTW, I sent an email to the Chuck's company email address and he answered it personally the same day - you can't for better customer service than that; thank you Chuck.Bob

Basically a good anthology but like any of these books you might not be interested in some of the songs. You might also want to change some of the harmonic arrangements.

Excellent book,good tunes,clear print,spiral bound so it lays flat. Exactly the songs I needed
