# Pimsleur GoJapanese Course - Level 1 Lessons 1-8 CD: Learn To Speak And Understand Japanese With Pimsleur Language Programs (go Pimsleur)

## Synopsis

The Pimsleur® Method teaches speaking and understanding right from the start. For almost 50 years, in over 50 languages, the Pimsleur® Method has been recognized by experts worldwide as one of the fastest and most effective ways to learn to speak another language. With Pimsleur you will learn Japanese in the same way you learned your first language as a child, acquiring the vocabulary of the new language, along with the melody, rhythm, and intonation of Japanese as used in everyday conversation.

**The Science of Memory** Dr. Paul Pimsleur™'s research on memory was one of his most significant achievements: he discovered that if reminded of new words and information at gradually increasing intervals of time (Graduated Interval Recall), the learners would remember words or information for increasingly longer periods. Dr. Pimsleur documented that the acquisitions would actually move from short-term into long-term, or permanent, memory.

**Culture Notes** Just as The Pimsleur Method teaches you to speak with native-like fluency, Pimsleur™'s Culture Notes take you instantly to the heart of the language, providing cultural insights from a native's point of view. Learn on the Go! Japanese makes it easier than ever to use the Pimsleur programs by including the spoken lessons in two audio formats. Now you can listen anytime, anywhere: in your car or at home and on your MP3 player.

## Customer Reviews

Dr. Paul Pimsleur devoted his life to language teaching and testing and was one of the world's leading experts in applied linguistics. After years of experience and research, Dr. Pimsleur developed The Pimsleur Method based on two key principles: the Principle of Anticipation and a scientific principle of memory training that he called "Graduated Interval Recall." This Method has been applied to the many levels and languages of the Pimsleur Programs.

I purchased both Pimsleur's GoChinese and GoJapanese for the library where I work and patrons discovered that BOTH audio books contained defective cds. In each case, the cds were recorded with the exact same introductory lesson on each cd, despite the fact that the labels indicated each cd would progress to a new lesson. I contacted Pimsleur through their website (they must know about the problem since they have a special form "to report a defective item") to complain about the product and ask for a replacement. So far, five days later, I've had no response. PS: Because this was ordered on the library's main account, we didn't order it from - not that how we got it has anything to do with the problem. Ironically, the two patrons who alerted me to the problem said the book and exercises were actually very good and both asked to be notified if we ever get a replacement that works.
