Dr. Colbert is a doctor I trust and have been following him for over 25 years. When my blood pressure became high I knew which doctor I needed help from and thankfully he had written this

book about how to cure my problem. I took his advice and now am having no more issues with my blood pressure. Dr. Colbert is a good person who wants to help everyone achieve their healthy goals. Looking forward to his new book that releases in September about the keto diet. Highly recommend this book to those suffering with high blood pressure. Thanks again Dr. Colbert and God bless you.

I have always loved Don Colbert books and these smaller versions are great- quick, easy to read, and helpful. I love the holistic approach combining nutrition, health, exercise, thoughts, and spirituality with a little bit of the medical as well. Don Colbert is an expert in his field.

What I love most is that is scripture based. I know it's true!!

Not exactly what I had in mindBut..,
