The pieces in the Healing Harps Ensemble books were composed and arranged by members of Healing Harps Inc,, an organization established by harpist and professor of special education at NIU, Dr. Ronald Dewey Price. Proceeds go to support the charitable work of Healing Harps Inc., which includes introducing harp playing to individuals with special needs, playing the harp in clinical settings, and training harpists to work with knowledge and skill in these settings.

These books are a labor of love. The multi-level harp parts make these inclusive for harpists of all levels to come together and play. The selections are beautiful, meaningful, and I have enjoyed every time I've played these pieces with other harpists.

Excellent for any harp ensemble (lever or pedal harps), plus and valuable teaching tool. Great

variety of music.
