## Customer Reviews

New Orleans Jazz: A Family Album of jazz history.

This book was in remarkable shape for its age. Not a page was defaced or torn. I enjoyed going back in time, when my uncle was one of the great jazzmen mentioned in the book. It was as stated, "A Family Album". I am proud to pass this down to my grandchildren so that they too can appreciate New Orleans Jazz.

Being a NOLA native, I was fortunate enough to inherit this particular book in mint condition. There is an older edition, but this to the best of my knowledge is the most current with additional musicians. If you are a lover and historian of Jazz, especially Dixieland, this is a must have. Many famous artists are listed, but also many obscure and unknown ones as well that helped form and develop the Jazz scene in New Orleans. Additionally, rare photos of numerous individuals, bands and locations in New Orleans are featured. While one may be tempted to get this book on Kindle, you would do yourself an injustice by not getting this in hardcover. This is one book I intend to pass on to my children, as it was passed on to me.
