Basque Firsts: People Who Changed The World (The Basque Series)

Synopsis

Throughout history, Basque men and women have made contributions in navigation, education, science, fashion, politics, and many other fields. Too often these achievements have been overlooked, or have been claimed as the accomplishments of others. *Basque Firsts: People Who Changed the World* profiles seven remarkable Basques who were the first in their fields to do somethingâ€”something extraordinaryâ€”that had a dramatic impact on others who followed them. The profiles use primary sources to tell fresh stories and offer a wonderful variety, showing the astonishing breadth of Basque contributions. They include Juan Sebasti  n de Elcano, the first person to circumnavigate the earth; St. Ignatius of Loyola, the first Jesuit to seed a worldwide movement in education; Santiago Ram  n y Cajal, the Father of Neurology and a Nobel laureate; Crist  bal Balenciaga, the king of haute couture; Paul Laxalt, one of Ronald Reagan  s closest friends in politics; and Edurne Pasaban, the first woman to climb the world  s fourteen tallest mountains.   *Basque Firsts* provides a rare look at a culture  s people, revealing the significant contributions they have shared.

Customer Reviews

  Thoroughly researched and well written, the book examines their various feats within the context of commonly held Basque values and traditions.   •   Dina Titus, U.S. House of Representatives, author of *Bombs in the Backyard: Atomic Testing and American Politics*

Vince J. Juaristi, a native of Elko, Nevada, earned an MA in public policy from Harvard University at

the John F. Kennedy School of Government. He is the president and CEO of a management consulting company in Alexandria, Virginia. Juaristi is the author of *Back to Bizkaia: A Basque-American Memoir*. He often returns home to Nevada to support local Basque programs. Â

This book made what might have been boring biographical material into suspenseful mini novels each being stimulating to read on it's own. I recommend it to anyone interested in Basque history and culture or just an enjoyable ,good read
