International Economics, Globalization, And Policy: A Reader (McGraw-Hill Economics)

Synopsis

The King reader is a collection of articles on international economics by leading economists drawn from various scholarly sources (e.g., Foreign Affairs, Current Issues in Economics and Finance, Finance and Development, Federal Reserve Publications, the Journal of Economic Perspectives). Previously known as International Economics and International Economic Policy, the new title is briefer and yet more descriptive, since the term globalization has been added to reflect the content of the book, which is also used in courses devoted to globalization, particularly the economic aspects of globalization. The Fifth Edition focuses on real debates within the discipline of economics and political economy, not on phony "pro-con" debates which often obscure the real issues. The reader continues to be unique as the most relevant in today's market.

Book Information

Series: McGraw-Hill Economics

Paperback: 396 pages

Publisher: McGraw-Hill/Irwin; 5 edition (September 29, 2008)

Language: English

ISBN-10: 0073375810

ISBN-13: 978-0073375816

Product Dimensions: 7.2 x 0.6 x 9.1 inches

Customer Reviews

Nice

Extreme hard to read - PHD level only. Not a text book but a collection of PHD papers, with 1000 of references and no recap of each topic. Very, very small print, which also makes it hard to read. Black and white only!!! - Not worth the money.

this book was as described, with some highlights but readable. Its a good read for those interested in international economics. Since this is a compilation of other authors work, there are different

points of view in different subjects

It difficult to read at times

It is a collection of articles, not an actual textbook.

Good book of essays on economics. Made me want to learn more and I learned some surprising things I wasn't aware of.
