Age Range: 4 - 6 years

Grade Level: Preschool - 1

Customer Reviews

Gr. 1[^]-2. This appealing book offers beginning readers a monosyllabic text, a witty story, and brightly colored, cartoonlike artwork. When Hen discovers a huge egg among her little ones, she puts all her eggs in one carriage and wheels it around, asking the other animals if the big egg is theirs. Cat, Dog, Pig, Cow, and Goat all disavow it, but Fox happily proclaims that it's a fox egg and wheels the carriage into his den. In the climax, the bird hatching from the big egg saves the chicks hatching from the little eggs and finds a happy home with their grateful mother hen. Young readers will enjoy the solid construction and humor of the story and the unstudied look and funny details in the illustrations. Librarians may want to have several copies on hand, as this amusing book is a natural for those classroom egg units that roll around every spring. Carolyn Phelan --This text refers to the Library Binding edition.

One morning Hen wakes up and finds a gigantic egg in her nest. Whose egg can it be? Here's a hint, Hen--it "doesn't belong to that wily Fox!

This is a really cute little book for a very beginning reader. Many easy readers are really not that easy. They contain words that are hard to sound out and too much text. Level One varies widely from publisher to publisher and even book to book. This book really is easy. In addition, it's cute and has bright engaging illustrations. I'm very pleased with it and I think it will be a great book to offer to my youngest students.

I purchased these books for my 5-year-old daughter who is beginning to read on her own and these Step Into Reading books are excellent as they have a high-interest factor that motivates her to read. The stories are also wonderfully illustrated in full color. This particular story has an "aww" moment, as hen finds a large egg amidst her clutch of regular hen eggs, and wonders whose egg it is, going around the farm asking the other animals if it belongs to them, until she encounters a sly fox! These Step 1 series are recommended for preschool-K - the stories are in large type and the vocabulary is easy. The stories are also in a rhyming format which makes them easy and fun to read. The full color pictures also provide contextual clues as to the word being used in the text. These early readers have raised my daughter's confidence level in reading, and she is doing so well that I'm purchasing the Step Two books (Preschool-Grade 1). I use these books in conjunction with sight words to reinforce her recognition of common vocabulary.

My boy thinks this book is hilarious! It's great to have a book for a beginning reader. Fun story and very well done. The illustrations are great as well!

I love the step one books, they are perfect for my 5 year old learning to read. There aren't too many words so they are great for very early readers. These books are easier than the others that are level 1. The price is great so I'm able to order several at a time so he isn't just memorizing the stories, we can read different ones every day.

VERY ENTERTAINING BOOK

I LOVE this book! There are so many extensions for this book - which animals lay eggs, animal sounds, names of baby animals, and there is even an adoption theme (she loves the big chick, even though it didn't come from her egg). It is a very simple book, but a great conversation starter with little ones. I highly recommend this book!

My granddaughter loves this book. She reads it over and over. She makes voices and reads it to everyone who will listen.

Good book
