Megan McDonald is the creator of the popular and award-winning Judy Moody and Stink series. She is also the author of two Sisters Club stories, ANT AND HONEY BEE: A PAIR OF FRIENDS AT

HALLOWEEN, and many other books for children. She lives in Sebastopol, California. Peter H. Reynolds is the illustrator of the Judy Moody and Stink books and the author/illustrator of THE DOT, ISH, SO FEW OF ME, and ROSE'S GARDEN. He lives in Dedham, Massachusetts.

I bought this for my niece, who just turned eight. This is her first chapter book and she is really enjoying it. Judy can be a little 'moody' and up to no good at times. I explained that Judy is a character, not real, like many of the characters on her favorite tv shows. I told to enjoy the humor of the stories, but to not actually behave like her. She understood and is really enjoying the stories. And is very excited to tell her teacher that she read her first chapter book while on holiday break.

I purchased these for my 8 year old niece for Christmas and she just loves them. She loves chapter books and so these gave her more reading material appropriate for her age. She reads them well and enjoys the humor. It helps make reading fun and give her incentive to read more.

My daughter is six and is frustrated that as she gets older the books have less pictures and are not as fun to read (her own words). She hasn't put this book set down yet. She has one that she's reading and walks around with the other two all day long. It's a beginner chapter book so not difficult to read, pictures are peppered throughout and she likes that and most of all, the books are funny. She reads and laughs throughout the day - totally engaged. I'm so happy I found a book series that she likes better than watching TV. Now I have to find something similar for my 8 year old...

I purchased these books for my 6 year old granddaughter. She zipped right through them and couldn't wait to move on to the next set.

Grand daughter loves these books and she likes to read them to me while driving to the lake.

I am ten years old and I love all the books in the Judy moody series. It would be cool if there were more twists in the story where unpredictable things happened though.

Purchased for her 8th birthday and she loved them

My 8 year old daughter loves these books.
