The SeaQuel: My Big Fat Zombie Goldfish

Synopsis

After Tom rescued Frankie the goldfish from his big brother Mark's toxic science experiment by zapping him back to life with a battery, Frankie somehow became a BIG FAT ZOMBIE GOLDFISH with dangerous hypnotic powers. Fortunately, Frankie has appointed himself Tom's bodyguard, and together, with a little help from their friends, they thwart Mark's Evil Scientist plans. Tom is looking forward to their annual family trip to the seaside, right up until he hears about the Evil Eel of Eel Bay--a monster that Mark is entirely too interested in. After all, even a BIG FAT ZOMBIE GOLDFISH might have a little trouble with a Super Electric Zombie Eel! Then, Frankie takes center stage to rescue Tom's school play from Mark's evil plans.

A₊

I love this series. Great for reading to the children and invaluable in getting them to settle down. Not because it is boring, mind you. It is a really fun, interesting book and I hope that there are many, many more planned, beyond the end of the current series.

Fairly easy for my 7 year old to read. Her favorite pass time is reading or being read to. I loved it, it

has a good sense of humor. We almost have the whole collection. I wish kid book downloads gave the option for the Child to color in how they want. It would add a little personalization to the book.
