Customer Reviews

I really liked this book. I feel more prepared for staying home alone and even if I am baby sitting my little sister

My 10 year old grand daughter and I read this together in preparation to stay home alone in a year or two. It has helpful suggestions. The book is easy to read and colorful which kept her interest right through till the end. I would recommend this for anyone starting to have conversations about your child being responsible at home alone. She wanted to stay home alone and it was difficult to explain why we didn't think she was ready. After reading the book she began to see what that really entails.

Helpful read! We're going to start doing quick runs to the grocery store while she stays alone for 30 minutes at a time for practice runs.

This book even has a little test in it to see how ready your child is to stay home alone.

I read all books before I give them to my grand kids. These guides are bursting with positive attitude. My 11y/o granddaughter is getting more confidence just from the knowledge she is gaining. Purchased so far: Babysitting, Staying Alone, Dealing with Others, and Knowing your Body. I will purchase more.

Great purchase! Daughter is not home alone often and never for very long, but this makes her feel prepared.
