The Dark Side Of Disney

Synopsis

THE DARK SIDE OF DISNEY reveals all of the tips, tricks, scams, and stories that THEY don't want you to know about! Unabashedly unafraid of offending the family-oriented audiences catered to by other Disney travel guides, author Leonard Kinsey gives intrepid travelers access to the seamy, raunchy, and often hilarious underbelly of Walt Disney World. From cautionary tales of scoring illegal tickets, to thrilling accounts of exploring off-limits areas, to chronicles of drug-induced debauchery, this completely unauthorized guidebook will change the way you think about vacationing at "The Happiest Place on Earth". "Pack the trunks and leave the kids at Grandma's because THE DARK SIDE is about to make your next Disney vacation the best one ever!" -Chris Mitchell, author of *CAST MEMBER CONFIDENTIAL*

"It's the finest collection of underground WDW stuff ever assembled and is a true bright light in a world gone bland.... Buy this thing and treat the naughty side of your brain to some adventure."-Hoot Gibson, *Mesa Verde Times*"For the first time in 29 years, I'm actually inclined to visit the Magic Kingdom.... This is the GREATEST travel guide ever."-William P. Tandy, editor/author of *Smile, Hon, You're in Baltimore!*

Leonard Kinsey was born and raised in Clearwater, FL, and was lucky enough to visit Walt Disney World over 100 times by age 18. As an adult he still harbors an unhealthy obsession with The Mouse, has acquired a large collection of vintage EPCOT Center memorabilia, and visits WDW at

least once a year, maintaining connections throughout the rest of the year with Cast Members and other Orlando-based friends and relatives. In his spare time he has published a comic book and written and directed a feature film which received international distribution. He is also the guitarist in a rock band who appeared on a hit FOX show and released two internationally acclaimed CDs.

Super fun book with some really great tips for Disney. Even if you have gone a million times as a kid, going to Disney as an adult is, to some, "childish". I beg to differ! Bring this book along with you as you enter the "dark side" of all things Disney! I don't know if I would go so far as to use any hallucinogenic on the trip, but I am taking some of the travel and budgeting advice very seriously! Kinsey has a true appreciation for Disney and their legacy, and while he does voice some frustrations about shifts in the parks, he still offers some great advice on ways to enjoy all of the parks, hotels, and of course, bars. A great, quick read about the most magical place on earth!

I love this book ... I live in Florida only a couple hours from Disney World and go there quite frequently. I really enjoyed the way the author sheds light on some secrets I even had no clue existed. Also the way he writes is very funny and amusing, one of the first stories he tells about his friends driving to Disney is absolutely hilarious!

I love Disney and this was an eyebrow raising but not really shocked kind of book. An easy to read and honestly quite funny at times.

Got this book as it looked and sounded interesting. The author gives some good insight to have some "adult fun" while at Disney. Most I wouldn't try as he has Disney isn't afraid of banning you for life. Also some good ideas on how to get cheaper tickets and lodging. Easy to read as well.

The title kinda makes you think it would be negative about Walt Disney World but very much the opposite. Book does have some adult themes at times and the downside is I don't think I could recommend it to all of my Disney fans. Nonetheless worth the read, I really loved hearing about the exploration of the park and left me wanting to know more!

Have read just about all the Disney books that are out there and have been over 18 times in 20 years so lot of this stuff was not new. I had been in the underground tunnels for tours and have gotten lost driving around in "employees only areas". Over all the book had some funny moments

and some interest expriences about someone that does not "follow the rules". I don't agree with his statement about the Disney meal plan as I have told people the food was one of the reasons I love Disney World so much. I have made trips without the meal plan and with it and have saved more money eating at the same places with the meal plan. Were else or you going to be able to eat two meals a day on vacation for basically 16.50.. Not at any resort I have ever seen and the idea about bring your on food. Just one more thing to lug around the park. I eat at the parks because I want to spend as much time as possible and while you might get to eat cheaper "offsite" its not worth the lost time to head offsite for meals. There was one thing he left off IF you have even the slight idea you are going to make more then one trip a year then the money for an annual pass is well spent. It works out that you come out ahead the first time you step into a park on the 2nd Trip. And its a no brainer if your make 3 trips in a year.

Amazing, informative, interesting and fantastic. My kind of book! I first found them on YouTube when trying to figure out Disney on an intern's budget last year. Their parking trick got me free parking, since then I've been hooked. So glad to own this book in print and have it on the shelf to pass down to my children and grandchildren. Definitely worth every penny!

Worth getting for any Ultimate Disney Fan. Even if you don't agree with somethings in this book. Still well worth it!!!
