Danziger's irrepressible heroine feels torn between her future stepdad (who is there when she needs him) and her absentee father (who now wants custody). Two bookmarks of Amber in distress come with each copy. Ages 7-10. Copyright 1998 Reed Business Information, Inc. --This text refers to an out of print or unavailable edition of this title.

Grade 2-4?While a sequel is often weaker than the original, this book is stronger than its predecessors. After her parents' divorce and a variety of other changes, Amber Brown wishes something, if only her growing body, could stay the same. But nothing does. She has a new best

friend, Brandi, with whom she becomes stranded on a school bus because their school has been invaded by a skunk family. Max, her mother's fiancé, rescues them and takes them for a fun day at the mall. While Amber is still reluctant to see him as a future stepfather, she does reflect on how he is there when she needs him, unlike her father, who has been living in France. Things change again when he decides to return to New Jersey and seek joint custody of his daughter. Her parents begin fighting long distance, upsetting Amber until she "sees red." Ross's black-and-white cartoons help convey the character's feelings. Real emotion is mixed with comic relief, creating colorful characters in a lively story that will attract new fans and old ones alike. ?Jackie Hechtkopf, Talent House School, Fairfax, VA Copyright 1997 Reed Business Information, Inc. --This text refers to an out of print or unavailable edition of this title.

The book Amber Brown Sees Red is about a young girl named Amber and her everyday adventures. Her mom is engaged and her dad is moving back from Paris. Every time her mom and dad talk on the phone it ends with a fight. Amber Brown is stuck in the middle, not sure if what to do. The book Amber Brown Sees Red is a fun and easy read. I would recommend this book to 1st or 2nd graders, however it can be a enjoyable book for most kids. I would recommend reading this book if you enjoy realistic fiction, or just want a quick read.

Part of the Amber Brown series. Great series for girls, age 3-7. Bought for my niece, and she absolutely adored it. Definitely recommend.

My 9 year old girl loves this book!

My niece of 7 or 8 years old loves these books. She can't wait to get the next one to read.

I liked it that the mom and dad agree to stop arguing and that she got to see her dad again. I didn't like it that she hated her hair. Spencer, 9 yr old

I really liked it. it was the best book I have read and I only need to read 2 more books

My daughter is really enjoying the Amber Brown series.

I remember when I used to read these all the time it is so funny and silly I want to read more but they
