Paint By Sticker Kids: Create 10 Pictures One Sticker At A Time

Synopsis

Move over, coloring books! Here's an entirely new craft that kids will love: Paint by Sticker Kids. Paint by Sticker Kids is the same compelling craft first introduced in Paint by Sticker, but just for kids! The book includes everything you need to create 10 bright, playful, full-color illustrations: illustrated templates printed on perforated card stock, and 10 pages of stickers to fill in and create the artwork. The fun, vibrant images are rendered in a low-poly, a computer graphics style using geometric polygon shapes to create a 3-D effect. As in paint-by-number, each template is divided into hundreds of spaces, each with a number that corresponds to a particular sticker. Find the sticker, peel it, and place it in the right space. Add the next, and the next, and the next and voila! It's a rocket ship blasting through space. A Tyrannosaurus rex prowling his domain. A pickup truck hauling its load. A friendly toucan hanging on his perch. Kids will love watching these pictures come to life. Plus each is suitable for framing or the fridge.

The boyfriend's daughter loved this. She is 7 and it's perfect for her age. It's not too difficult for her to do where she would get frustrated but not too easy where it's boring. The pictures are fun and age appropriate. Very cute

I like it because it's not a five minute project. These pictures use lots of stickers and are more challenging than most. The first pages are easier. But the 8 year old I bought it for started on the hardest one. Lol He enjoyed it and has completed three so far.

These books are awesome. I had read where another reviewer said that they felt like it helped with dexterity for their child. I agree with this statement. I also feel like my kids, personally, spend too much time with electronics at times so this is a really nice break from that to get their mind working in other ways and concentrating - as well as the dexterity.

This is a great book! My 5.5 yo really enjoyed it, although he did get discouraged a few times when his fingers couldn't get the stickers to line up just right. It was the perfect addition to our road trip!

I gave this to my ten year old son at Christmas. We're closing in on a month after Christmas and he has almost finished the book! To say he loves it would be an understatement. He does every page completely independently and greatly enjoys showing us the finished products. I can't remember the last time he actually finished a craft book like this.

These were an absolute hit for my kids aged 5 and 6. I was surprised that even my 5 year old had a good time doing the ones with tiny little stickers. We intend to buy more of these, both for our kids and for gifts. A simple concept with excellent results.

Ordered for my 8 year old son's birthday to use for an upcoming trip. My son really enjoyed the paint by sticker book and can't wait to complete more of them.

Wonderful! My son and his friends keep themselves entertained with this at synagogue. Great for church, a plane ride etc. keeps them concentrated and quiet! And the pics are very cool and pretty! Make more!!
