Painting Landscapes (Pocket Reference Books For Watercolor Artists)

Synopsis

Serious amateur watercolor artists will value books in this series, both for their quick and easy-to-follow practical advice, and for their handy size: they're small enough to carry along when painting at outdoor locations. Each book presents dozens of demonstrations in easy-to-follow steps. There are also tips on choosing a particular subject for its visual interest, mixing and applying colors, and mastering basic watercolor techniques, including washes, dry brush, scumbling, masking, and directional brushwork. This practical book gives advice on painting foliage, flowers, and meadows, gates and fences, skies and trees, ponds, cornfields, country houses, and much more.

Customer Reviews

Step-by-step demonstrations for painting over 50 different types of landscape details Easy-to-use painting reference to help you capture at a glance the essence of the countryside Learn how to manipulate paint to produce textures and patterns perfect for landscape painting Detailed drawings illustrate the basic structure of different landscape subjects

Adelene Fletcher lives and works in London, where she teaches watercolor painting. She has exhibited her own work on many occasions, including at the Royal Institute of Painters in Watercolours and the Royal Watercolour Society.

A great book to learn water color painting. In a convenient small size, make it easy to travel with and/or doesn't take a lot of room on the table.

Love the book, I haven't been able to actually use it but will this Spring.

There is so much packed into this little book. Adelene Fletcher books are all good. There are not many landscape watercolor books but this one is helpful.

I love it.

ok

This is a great little power packed book. she shows you the steps while allowing you to paint your own way. she gives great information, small book, big information. a must if you are new to painting landscapes and need a jump start.

Good item.

This is a marvelous little book. For someone who wants to learn water color painting specifically to paint landscapes, as I do, this book lays it all out simply and in enough detail to walk the novice artist through almost every natural scene one would want to paint. The instructions are step by step and clear, as are the illustrations. I love this book and highly recommend it.
