## **Customer Reviews**

Excellent illustrations that really tell the story. A humorous approach to teaching what is good vs bad behavior on the slopes. I look forward to getting to know a bit more about Anthony and his misadventures.

Loved it. Authentic and full of cute humor.

I would have written a review yesterday, but I was too busy reading it over and over and over again! My son won't let me set it down!

Such a cute book, impressive work for a 7 year old. We like the scene of the glove getting filled at the soda fountain - silly :)

A fun and fantastic read! Just right for the skiers and snowboarders in your family!

Love Love Love the book Grace!! You did a fabulous job! I bought extra books to share with the grades school by us, and for Danielle to share with her kids when she has them. I hope you write other books about Anthony's other adventures too!
