## Customer Reviews

The removable flute-part insert is a vital part for such books for a flutist. If it isn't included, that SHOULD BE NOTED in the product description!

Very nice book with fairly easy to moderately challenging works that are quite nice to hear. Pieces suitable for a variety of audiences, many are familiar tunes from well known composers. Excellent accompaniment arrangements.

it's not complete. There's no flute music on it

Arrived undamaged and the item is as pictured.

This edition is missing the flute solo insert.

This book was exactly as described, it has the solos that are required for an intermediate flute player. The flute teacher required this book and was the only place we could find it. Great price and super-fast shipping.

Book did not include solo flute part, only accompaniment. Returning..

it's not complete. it doesn't have the flute part. it comes on time, but it misses the flute music part. i have to buy the music from another source.
