Diary Of A SUPER GIRL - Book 1 - The Ups And Downs Of Being Super: Books For Girls 9-12

Synopsis

Books for Girls ages 9-12: Lia Strong always thought of herself as a normal 12 year old. She had to deal with the ups and downs of middle school. You know how it goes...hanging out with friends, going to LAX practice, doing massive amounts of homework and dealing with mean girls. Everything changed though, when Lia turned 13! On her 13th birthday, she found out some very special news...she is the latest in a long line of super women. It seems that Lia is still a normal girl, except for one thing - her super powers. On the up side, she has the strength of 100 people, but on the down side, one of her farts has the potential to knock out 100 people! Oh, the joys of having Super Powers! A perfect book for girls who love strong female characters. You'll love it!

Customer Reviews

What a treat this lively book is for the intermediate age kids. Read this to a group of students who

loved every moment and begged for a few more pages before we stopped. Kudos to Mr. Zakour for capturing the heart and humor of young kids living in the real world today. We are waiting for more adventures to come!

Charming characters in a simple yet entertaining scenario. A superhero origin for current generation children to relate.

Loved it. I couldn't stop laughing. It's relatable. I got the 2nd book as soon as it came out.

Such a fun, fun book to read. I read it as an adult and thought of so many older elementary and tween girls and boys that would laugh and giggle their way through the book. The authors do such a great job integrating realistic teen thoughts, conversations, and situations into the fast paced fantasy of what it might be like to have such super powers. Reading Super Girl is a super choice!

This is such a fun - and funny - book! My 4 and 6 year olds are having a blast listening to me read this to them. Of course, I've had to practice and ramp up my book sound effects, but that makes it a joy to read. I could see, though, where an older child - say, 9 and up - would have an absolute BLAST reading this book. As it is, we are spending lots of reading time giggling. :-)

I just finished reading this book that I was checking out as a possible gift idea for my young nieces and my young God-daughter. It was a thoroughly enjoyable read and left me wanting to continue to the next book to see what happens next. I know that the girls I give this book to are going to love it. It is well written, age appropriate, and fun to read. Bravo to the authors: John Zakour and Katrina Kahler!

My daughter saw the cover and couldn't wait. Downloaded it to my Kindle and she started immediately. Finished in two nights. She laughed all the way through it. She is now reading part 2.

Well written. Fast paced story line. Good messages.. The characters play lacrosse. That's the best
