Cruising The Inside Passage: Puget Sound To Alaska

Synopsis

Travelling along the Inside Passage between Olympia, south of Seattle and Skagway in South East Alaska, may be accomplished by several means. Cruise ships travel the route every summer. Washington, British Columbia and Alaska ferries offer transportation to communities along the coast, many set on islands or at otherwise inaccessible towns and villages. Private yachts and charter boats cruise the same routes with detours to additional out of the way coastal places. No matter what mode of transport one uses to experience the Inside Passage, there are many pleasant experiences and surprises in store. This book provides an insight to some of the popular attractions on the coast, as well as a number of obscure, seldom-visited destinations. It also refers to a number of First Nations villages where one learns more about their culture and sees first-hand their crafts and rituals. The book is intended to serve as a long-time reference to what has been seen and what will be looked for on future visits.

Book Information

Paperback: 272 pages

Publisher: Pacific Marine Publishing (January 1, 2016)

Language: English

ISBN-10: 0919317502

ISBN-13: 978-0919317505

Product Dimensions: 0.8 x 11.5 x 8.5 inches

Shipping Weight: 12.6 ounces (View shipping rates and policies)

Customer Reviews

Peter Vassilopoulos is a well known BC marine author and journalist. Following an earlier career as a radio and television news editor, he founded Diver Magazine, an internationally recognized publication on scuba diving. He has travelled the Pacific Northwest and Alaskan coast for more than forty years and wrote a column for Pacific Yachting Magazine plus many boating articles and features dealing with local destinations. Getting to know the coast by boat resulted in his publishing five cruising guides on the Pacific Northwest for the recreational boating community.

Lovely pictures and advice from a person that has spent a lot of time cruising these beautiful waters.
