Product Dimensions: 0.3 x 8.5 x 11 inches

Shipping Weight: 6.4 ounces

Average Customer Review: 3.9 out of 5 stars 9 customer reviews

Best Sellers Rank: #438,817 in Books (See Top 100 in Books) #139 in Books > Business & Money > Accounting > Bookkeeping #6615 in Books > Business & Money > Skills #12524 in Books > Textbooks > Business & Finance

Customer Reviews

Book by Fettus

These AIPB "mastering" books are oh so helpful! They give you a refresher on material from Accounting 1 & 2. I like how each chapter has a self-grading quiz. And it's also great that you can take the exam at the end and get CPE's for being a certified bookkeeper. Great reference!

This book series is a very simple considering it is a semester long textbook for basic accounting. The book itself is fine, just not very in depth if you are unfamiliar to accounting.

still use.

exellent

Good

thank you very much, i love it

What was expected

I took a course that required this and the other books in the series. I had a very difficult time understanding what exactly the questions were asking, and failed many of the tests, as did most of my fellow classmates. If you take the course, then wonderful! It's definitely a useful course if your instructors know how to break through the language barrier (as mine did.) A word of advice, though: use these books in conjunction with those written by Horngren, Harrison, and Oliver, available here on . Below is the link to the complete 23 chapters compiled into one

volume.http://www..com/Accounting-Chapters-1-23-Complete-Book/dp/0136072976/ref=ntt_at_ep_dpt_3
