My Boo-Boo Book

Synopsis

Told from a child's perspective, this book makes everyday boo-boos far less scary. Children will learn a step-by-step approach that teaches them how to help themselves when the inevitable happens. All children get boo-boos at some point in their lives. This book is about taking the pain out of boo-boos by helping young children understand what's happened and the steps they can take to help themselves. Designed with lively illustrations and written from a child's perspective, the book includes 10 brightly colored boo-boo strips, plus a downloadable first-aid pocket guide. Not only will this book help soothe the pain after an accident, but children can take an active step in starting their own healing process. Ages 3 to 6.
