I love Love LOVE all the Splash books - the paintings in them are so beautiful and inspiring! I look at them when I am feeling unmotivated to paint, and they get me excited about painting again! They show the possibilities - what can be done with water color.

The Splash book series is a handy reference for those of us who strive to pursue watercolor. I have almost completed the purchase of the whole series by buying them used. The used books have proved to be very satisfactory.

So glad I found this! Fast shipping - exactly as described! Thanks!

Thanks

Good observation and loads of technical

I was very satisfied with this book. The watercolor selections were excellent. The beautiful watercolors and accompanying artist comments/tips were both entertaining and helpful.

Just as described...in great shape!

Loved it. Just like new.
