Great little book!

This is an excellent piano series. My older son is teaching lessons to my younger son, and we got this book bc it's a lower level of the Keith snell book his piano teacher uses for him. At first we thought t might be too difficult fir my younger son, but he is picking it up and sounding so good. It's much better than the simple little "hot-crossed buns" -type songs from his other beginning books that he just finished.

Very easy book

Great selectionsuse for guild

Nice book!

The is the perfect book for a late in life piano student. The book was recommended by my piano teacher and we both are pleased with the level of the songs.

Fantastic, must have piano books for every piano studio.

I'm starting to play the piano sheet music and these arrangements are great for beginners. They are the baroque and classical period and are level 1 my reading level.
