## Customer Reviews

I ordered this expecting a list of all the campgrounds within the U.S National Forest for these states. However, you get a list of campgrounds that meet only a prescribed set of criteria that cater to RV,s. As a tent camper I would have preferred a total list of all campgrounds,developed or not developed. But I do have to say the authors did put together a very well written book with very informative details of the campgrounds they had reviewed and I will use this book often as I camp in these states. I do wish they had put a list of all the campgrounds in their book, even the ones they did not visit.
