Customer Reviews

Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

Great selection of songs. I got this book for my Grandson who is in 8th grade and has been playing the sax for 3 years now. He was playing the songs very well in a short amount of time.

If your Sax player needs a little challenge, but wants something that isn't too difficult, this is the perfect book. Kids already know the tunes so that makes reading the notes even easier.

My daughter loves this book. She is a Freshman in HS and has been playing since 5th grade. She was able to pick up every song here very quick and she sounds great. She practices more since it is tunes she knows instead of just the music they use at school.

Fun songs in here! My daughter needed more variety of practice songs. She will enjoy these. They are simply enough for kids that have played a year or two. There is no piano accompanied part so for performances, this isn't what you might be looking for.

very fun

Brings lots of joy. It is very good for beginners. It helps to build up the confidence of a beginner when hearing the familiar tune from self.

Excellent intermediate songs. Very fun to play, easy to pick up on, and a good variety to keep you occupied.

I used to have to argue and fight with my son to practice the Sax he chose and wants to play - he requested this book and plays more often and longer now that he knows the songs and it's more fun.
