Discover: Down-to-earth trip-planning advice What you shouldn't miss; and what you can skip The best hotels and restaurants for every budget Handy Post-it® Flags to mark your favorite pages

Nick Trotter is a writer and cartographer. For the past five years, he has been drawing maps for Frommer's™ travel guides and the For Dummies travel series. A Denver native, he graduated from the University of Colorado at Boulder with a degree in geography, and has been perfecting the delicate art of getting lost for a couple of decades. His travel writings have taken him to Brazil, Italy, and the Caribbean; for now (at least), his home base is Brooklyn, New York.

My copy arrived in mint condition. Handy reference to have along during my trip to Denver, Colorado Springs, Grand Junction, RMNP, and Boulder [and points along the way but best used to plan your itinerary before you go!

I picked up this book before my first trip to visit a friend in Eastern Colorado. I figured that since I was a 'dummie' from the East Coast I could get the inside scoop on Colorado... boy was I wrong! This book leaves out a giant chunk (the Eastern third) of Colorado. How can a book call itself 'Colorado For Dummies' and not include a geographic area in Colorado bigger than New Jersey? If you renamed this book 'The Western Two Thirds of Colorado For Dummies' this would be a more appropriate title. I do not know how well the book describes the rest of the state, however, it has lost all credibility with me for neglecting a third of the state (which happened to be the area I was concerned with). It makes me wonder if the author neglected one third of everything else, too.
