I expected more from this author. My daughter and I love the If you Give A...series and so I thought this would be a great book to give my daughter for her second birthday. It was very boring. You may be saying, well, it's a board book, not meant to be riveting reading material. I would say that maybe that used to be the case, but there are so many great board books out there now. This one is basically the mouse deciding what he wants to eat because it's his birthday and he can have whatever he wants. He basically goes through a list of what his friends like in the If You Give A...series. So there are muffins, pancakes, etc. ZZZZZZZZZZZZZZZZZZZZZ....There are better birthday board book options out there - skip this one.

My 2 year old loves this series. So I thought this would be a cute birthday book. It is cute and follows along with the series but it has a lot to do with food and very little about birthday. I was a bit disappointed but Im sure my son will still like to read it.

My 2-yr old grandson has loved both the Mouse Halloween & Easter books since he was tiny. I bought this for his birthday and was anxious to read it to him. We were both disappointed. Hard to believe the same person wrote them all. Ã Â Â^Â

I'm a retired librarian and I love this series by Laura Numeroff. I wanted a set to keep for myself - just to reread to grandchildren, although I've ordered each of them the own set.

This book helped explain birthdays to my son. He just turned 4 and right before his birthday we have this to him. All he could talk about was cake! He's never been the type that likes the cake but he was excited to try after reading this book.

My fault Didn't Read Description fully. Hard book. Not really for 6 yr old.

It was perfect for a toddler which is rough on books. It was a perfect present!

This is a cute little book for beginners and for story time
