The Phoenix Of Destiny: An Epic Kingdom Of Fantasy Adventure (Geronimo Stilton And The Kingdom Of Fantasy: Special Edition)

Synopsis

An adventure of epic proportions!! Geronimo Stilton, had returned to the Kingdom of Fantasy on the wings of the Phoenix of Destiny! Blossom, Queen of the Fairies, needed my help once again. But Blossom was behaving strangely. She sent me off on quest after magical quest, each one more bizarre and dangerous than the last. It felt like my missions were building up to something truly terrible right under my snout. Could my friends and I put things right again? It's a story full of twists and turns, mazes and puzzles, and tons of fantastical creatures!

Praise for Geronimo Stilton books: "Lightning pace and full-color design with hook kids in a flash." -- Publishers Weekly

GERONIMO STILTON is the publisher of The Rodent's Gazette, Mouse Island's most famous newspaper. In his spare time, Mr. Stilton enjoys collecting antique cheese rinds, playing golf, and telling stories to his nephew Benjamin. He lives in New Mouse City, Mouse Island. This is our first book in the Geronimo Stilton series. My 6 year old daughter and I have been reading this nightly, and she is really into the storyline. The book is designed around a series of adventures, so it's pretty easy to find a place to stop when it's bed-time, and the pictures, side stories, and extra activities (mazes, counting exercise, and find the _____ exercises), which are thrown in all over the book, are a fun diversion and add more depth to the storyline. My only struggle with the book, is that often, the text layout and formatting of many pages doesn't line up very well with the flow of the story. For example, frequently, the page ends in the middle of a sentence - forcing a long pause while we flip to the next page (and, usually made worse by the fact that I'm reading in the character's voice). Often, this happens even when there is plenty of space on the page to have completed the sentence. Also, and maybe this is just in my head, it seems that many of these little side stories and extra activities are not always placed in a location in the book that lends itself to a natural pause. This means, now that you've found a break in the paragraph, you need to go back a page (or two) to read more deeply about that item you just missed. There are lots of made up words and variations on fonts (type-faces) that relate to specific words throughout the book. So, the book could be a bit of a challenge for the early readers. My gripe aside, the storyline is well constructed and easy follow for the little ones, and the book is full of colorful pictures that allow the younger (non-reading) listeners to follow along. I'll be buying more of this series.

This is probably one of the BEST books we've gotten for our son. Not only is the story very imaginative, we love the drawings on EVERY page alongside tidbits, mazes or other quirky detail for the storyline. It is the first Geronimo Stilton story we've gotten so I'm happy to say it was worth our giving it a go. I splurged on the hardcover & am so glad that I did so. It's a beautiful book with lovely gilt edged pages. A great one to keep in one's collection to read & reread over & over. An amazing woven story which captivates the young (5 year old) without all of the violence in other fantasy stories.

This book was great for a long car ride. This is a 500-page book in the Kingdom of Fantasy series. We've always loved Geronimo Stilton. First grade and up.

10 year old had a hard time finding books he actually wanted to read until Geronimo !!! Full of adventure and the book is very beautiful gold lining on the Pages makes him feel extra special! He loves taking it to school and sharing it with all his friends and he read it in a week which is a huge

improvement. We will be getting more books like this to make reading fun !!!!

My son is loving it - he was super excited to see how long it was and that it is the same quality writing as the other Geronimo Stilton books.

Another great installment of The Kingdom of Fantasy series. This one is longer than the previous books, and with the gold rimmed pages, it's definitely worth the money. My 9 yr old can't wait for next one!

Great book, My 9 year old son loved the text, as well as the look of the book, especially the gold pages.

My soon-to-be 3rd grader could NOT put the book down. He even brought it to summer camp to share with his friends, who also found the book fascinating! Read the entire book in about a week. Bought him the Enchanted Charms book (Geronimo Stilton) but he said nothing compares to the Phoenix of Destiny:)
