Customer Reviews

My sons had a period where they spent hours playing crazy bones. This was a great addition to their collection, so they knew all the bones' names, etc.

A humorous guide for both children and adults. Gives you the history of Crazy Bones, games to play, and listings of the different characters. Needs to be updated to include most recent Bones (like Monster Bones, Dragonball Bones, and Toy Story 2 Bones) but is a good start for most people.
