Cathedrals Of The World Coloring Book (Dover Coloring Books)

Synopsis

Often large and impressive, cathedrals are churches in which bishops have their official seats or thrones. Many are hundreds of years old; some are regarded as architectural masterpieces. This fascinating volume invites colorists of all ages to color illustrations of 40 great churches from around the world: St. Paul's (London); St. John the Divine (New York); Chartres (France); St. Peter's (Rome); Notre Dame (Paris); St. Patrick's (New York); Hagia Sophia (Istanbul); St. Mark's (Venice); Sagrada Familia (Barcelona); Westminster (London); Coventry (England); St. Louis (New Orleans); Cologne (Germany); St. Stephen's (Vienna); St. Mary's (Sydney); Washington Cathedral (U.S.A.); St. Basil's (Moscow); Pisa, with leaning tower (Italy); Reims (France); Canterbury (England); and 20 other magnificent buildings. Crisp, beautifully detailed illustrations include interior and exterior views, floor plans, elevations and drawings of structural elements. Carefully researched and skillfully rendered, this coloring book offers a rich survey of the varied architectural styles of these extraordinary structures. Descriptive captions are included.

Customer Reviews

For more than 20 years, John Green has created popular Dover coloring books. He specializes in realistic drawings of people, animals, and places, and his recent titles range from Life in Old Japan to Dogs to Paint or Color.

The historical information in this book is extremely interesting. The drawings are very detailed, so much so, I would like to keep them as sketch art rather than coloring in the book itself. The paper quality of these Dover books is so thin, the colors will seep through and make some pages impossible to appreciate. Dover: Upgrade your paper stock!

I knew I had to send this book to my daughter when I saw the cathedral on the front cover. I did think that it probably should have had "real" pictures in their locations rather than diagrams, but as long as my daughter is happy, that's all that matters.

very cool and unique

Bought this for my kids for a trip to Europe - they got to see a number of these cathedrals in the flesh. Textual content is impressive for something so slim.

I bought this for my mom who love cathedrals and coloring. The pictures are very intricately detailed. Definitely a coloring book meant for older kids, teens, and adults.

I gave this as a gift to my granddaughter, an architecture graduate and she loves it.
