Eastern Poconos: Delaware Water Gap To Bushkill (PA) (Images Of America)

Synopsis

Eastern Poconos: Delaware Water Gap to Bushkill provides a visual history of one of the most picturesque areas of the Northeast. With rare insight, a vast amount of knowledge, and a great deal of research, the evolution of the region from the arrival of the first European settlers through the golden age of tourism and beyond is depicted. Grand old hotels and modest boardinghouses that have long since disappeared are featured, along with spectacular scenery. Also showcased are images of ordinary and extraordinary people, from farmers who tilled the land to celebrities whose meteoric rise to stardom began in the summer stock theaters and resorts of this area.

Marie J. Summa and Frank D. Summa, authors of *The Stroudsburgs in the Poconos* and *Historic Easton*, join with Arthur Garris Jr. to display a treasure trove of photographs and a wealth of information. The authors are members of the Monroe County Historical Association, Bushkill Historical Society, and Pike County Historical Society. They also are natives of the Eastern Poconos and have thus witnessed the remarkable change the region has undergone within the past

This book is exactly what I'd hoped it would be. Lots of information and photos of the Poconos/Delaware Water Gap area. We wanted to know something about the history of this area, we just purchased a home here.

I have several books from this publisher and this is one of the best. Due to the loss of so many

homes and businesses from the proposed Tocks Island Dam project, this book is an excellent record of what once was in the Pocono area along the Delaware on the PA side. The photo captions provide the text in this series and they are both informative and well written.

Nice Book. Money well spent. Thanks
