Customer Reviews

I love the songs in this collection. I only rated this music book 3 stars because the piano part is an accompaniment, and rarely contains the melody. I would prefer to play the melody, as I don't sing, and sometimes don't know the melody.

Wonderful collection of songs.

Awesome book.

Some of the arrangements don't work great for just piano (I'm not playing with a band; just for my own enjoyment at home), but probably would sound good with other instruments involved, However, overall, it's decent.
