Alton Howard has been instrumental in establishing many outreach ministries and has served as an elder in the church for over twenty-five years. He is also the well known author of Foundations of Faith, and Timeless Moments. --This text refers to an alternate Hardcover edition.

Old spirituals, familiar hymns, praise and worship, edification, encouragement. There are over 1000 songs in this hymnal, including all the ones I grew up singing and many that I have never heard before. The book is bound nicely and has a ribbon marker. We bought two because when the weather is bad, we are not able to get to church. Having our own hymnals will allow us to worship at home when the roads are icy. This is a wonderful purchase, and we will probably buy a few more so we can invite the neighbors to study and praise the Lord with us.

This is a simple solution for a song book. Are you looking for a Worship or Devotion Song book? This song book has a scripture for each song and to make worship or you devotion flow more smoothly the producers of this book grouped songs together very well by content. All Praise songs, Lord Supper, Prayer, Heaven and Heaven's call songs are grouped together. If you are a song or worship leader putting together a song service has never been easier, whatever type of indexing you are used to using, this book has a cornucopia of index types. Again whether you're the singer or leader you'll enjoy this book, it will compliment your worship service. May the Lord bless you.

Needed this hymnal to direct a large acapella gospel singing in Florida. Never seen this version before. Delivery was prompt. Condition was excellent, and hymns were in muchly preferred shaped notes. Thank you for your assistance. I would not hesitate to have others use your services. Very well pleased. Glenn Tomblin

shipment got split, but that was OK. my fault for having expired credit card !!

This book is an excellent blend of traditional and contemporary songs, sensibly organized, with good organization (including several useful indexes, such as scripture verse, topic, alphabetical and first line). It has over 1000 entries, some of which are readings, but still far more music than most songbooks. It has shaped notes -- helpful for those that need them, unobtrusive to those who don't. The pre-arranged medleys are also useful for contemporary "praise and worship"-type services, where several songs are sung without pause. Recommended.

I wish our congregation used these

Great songs

An excellent hymn book. I play piano gospel and it has many I had never heard of, so I really enjoy this book. An excellent selection of old gospel hymns.
