## Synopsis

[Read by Dale McConachie] The New American Standard Bible is one of the most accurate translations of the scriptures. Let professional voice artist Dale McConachie, narrator of over one hundred audio books, take you on a journey through God's Word, where you will discover His holiness, love, power, mercy, and grace. Do you often feel you're too busy to sit down and read the Bible, yet you know you need time with God? Well now you can hear from God from virtually anywhere with this digital recording of the New American Standard Audio Bible. Dale's goal in recording this is for you to feel, when driving down the road, as if your best friend is in the front seat reading the Bible to you. It is the reader's prayer that many will let the Word of Christ richly dwell in them. People in all fifty states and most foreign countries have purchased audio Bibles recorded by Dale.

## Customer Reviews

"I have used Dale's recording of the NASB and God has used it in my life. I would recommend this recording for helping believers to let Christ's Word permeate their lives." --James R. White, author and Bible teacher

The Lockman Foundation is a nonprofit, interdenominational ministry dedicated to the translation, publication, and distribution of the New American Standard Bible, Amplified Bible, La Biblia de las Américas, Nueva Biblia Latinoamericana de Hoy, and other Biblical resources. DALE McCONACHIE has been in Christian radio for thirty-two years. He has also been active in providing

radio play-by-play of professional baseball and basketball, including the Minnesota Twins radio network in 1993. He considers being able to record the Bible to be the most wonderful blessing of his vocational life. Audio Bibles voiced by Dale have been purchased in all fifty states and in many countries.

Clear, and easy-to-understand reading of the NASB translation. My only criticism is that the MP3 files should have either the file names or the "title" field of each file labeled with the name of the book and the chapter number. Without that, the enclosed index card is needed to find which track/file contains any particular book and chapter. I eventually went through and added the title information by myself. I removed one star for that.

I purchased both this BlackStone/Lockman Foundation version and the more expensive "2 New American Standard Version Bibles" version and recommend the "2 New American Standard Version Bibles" version, because: 1) this versions audio voice is more monotone and difficult to follow; 2) there is no indication on each CD of what books of the Bible are on the disc; 3) the "2 NASB Version Bibles" version has a good carrying case, while this version is not car or access friendly.

Thank you for having this beautiful set. I was so happy because it is the bible I read and love and I listen to it every day I am in my car. God Bless....

While I love Dale McConachie's work, the editing on this cd set is terrible. It is a complete hack job. The CD tracks are broken without any logical sense in the middle of chapters. Good luck finding anything in this set. It will take countless hours to turn these into usable playlists.

No issues. Well done. Pleasing appropriate voice.

Clear recording. Easy to navigate through chapters.

This is only part 2, not the entire bible
