The Real Dance Fever, Book One: My Story: A Tribute To The ~80s And The People Who Made A Difference In Our Lives. (AND THE MUSIC PLAYS 1)

Synopsis

Travel back to a special time and place: the Chicago dance scene of the 1980s, when disco ruled and many inner-city kids were either in a competitive dance group or a gang. One of the most successful dance groups of that era was the All Stars Dancers formed by Gringo Echevarria, a self-taught dancer and choreographer, who actually took his talented group of young dancers to the big stage while also traveling with the famous Argentinean duo, Pimpinela, as their choreographer. You will become immersed in their world, their exciting lives, and the ups and downs of growing up while trying to make it out of the hood. In short, live the Real Dance Fever; they were there and they mattered.

Customer Reviews

This book is a must read!! An eye opener Very well written. Music, friends, family hopes and dreams this book captures the very essence of the time. Many of us were struggling to fit in. This book proves music is the answer. We came from all over the city to hear Salsa, Merengue, and House Music. To see Mind blowing performances by the top dance groups. Battling to prove who was the

best, Not only did it bring us all closer together most of us have been friends since. Every time I reflect on the good ole days my eyes light up. and this book brings it all full circle. I was listening to FRANKIE KNUCKLES.while reading and remembering the good ole days!!

It made me go through some much needed reality check, when I was just loving life and enjoying my youth in the streets of Chicago. I must say that we had a great childhood even through our ups and downs. Life was much easier back then. The values of our friendships and our family ties were endless. I remember when we would dance our worries away. Thanks Gringo for giving us a look back in time when life was much more stress free. Nothing is impossible if you set your goals!

This book took me down memory lane living in Chicago and being surrounded with music, dancing, family and what friends meant. The author was true to how things were in the 80s and I was able to relate to his story in all areas. Excellent interpretation of how music and dancing played a great roll in our lives since there were no computers, cell phones and not everyone could afford cable.GREAT!!!!!!!!!!!! looking forward to the next.

Great Book!! It took me back down memory lane, into the 80s Wonderful read!!

I am loving this book.....it represents many feelings of that time. It took me back and it was great to remember and realize our feelings and dreams were real and we all shared the same fears no matter where we lived in the city. But those sets, parties, dance battles were what brought everyone together. It's the only thing that made us feel alive and worth it. Nothing else mattered when the music played. Life is too short and if you dont tell it, the memories are lost forever. Thanks for pouring your heart out on those pages. I get it it and many of that time will too!!!
