Why should we trust its claims? In *Why Believe the Bible?*, esteemed Bible teacher John MacArthur asks--and definitively answers--these questions and many more, including--Is the Bible the Word of God?--Can we prove the Bible is true?--How did the Bible come to be?--What does it mean that the Scriptures are "inspired?"--What did Jesus believe about God's Word?--Who decided which books were part of the Bible? Skeptics, new Christians, and longtime believers will find in this accessible book clear answers to vexing questions about the book that has arguably had more impact on the world than all other books combined. Includes a Bible reading plan with study tips and an appendix with helpful tools for Bible study.

I got this book on the spur of the moment. I really didn't think I needed to read a book to find why I should believe the Bible. I had read several books on this topic and I believe the Bible and I know why. But I felt a real urge to get this and I am so glad!!! especially found the sections on Bible study to be the best part. MacArthur put forward some things I had never heard of. The biggest was his method of reading a book of the Bible every day for 30 days starting with short books like 1 John. It sounded crazy to me. For longer books you divide them into sections and read them every day for 30 days. I am excited to start using this method. Other things like inductive study were not new but well presented. This is a book every Christian will find useful. John particularly emphasizes application of what we learn and that is vital for all of us in these last days!

Exceptionally well done and explained, and I think it should be available in audio form for those whose eyesight's are fading or lost. It has been most beneficial while trying to answer questions

from my grandchildren as well as my offspring, as well as my own puzzling or unanswered questions regarding the Bible. Major. F.C. Stolz, USMC Ret., (...)

Very informative. Clears some of my misunderstanding. Audio clear and easily understood. I love Rev. MacArthur's clear explanation of God's word. I have listened to this book several times and have learned something new each time.

I love this man's books, he is so knowledgeable and I rely on his expertise.

Awesome Book...this book is a great testimony of believing the bible and it's authority with no errors in it. The bible is True Therefore I believe it and NOT just because I believe the bible that it makes it true

A must read for serious Bible students.

Very practical and solid teaching on a topic that many Christians struggle with, knowing the Bible and believing that it truly is the inspired, true and living word of a God.

I have lost track of how many of his books that I have read. They have all been difficult to put down, and as usual the conviction was painful.
