Customer Reviews

Beautiful, new book. Reasonable delivery time. Good price.

I had hope these keyboard edition hymnal would be one of those in which the tenor notes go above middle C they are moved up to the treble clef for easier playing rather than for easier singing. However, all tenor is in bass clef and all alto is in treble clef regardless of where those notes are in relation to middle C. However, this is a nice hymnal, easy to read, lies flat and pages are easily removable and replaceable.

This is a great piece and came a few days early. Beautiful music for anyone wanting to play for church or just hear great tunes at home.
