Customer Reviews

I purchased two Joe Bonamassa Kindle books, Drivin Towards the Daylight and his Collection Song Book. Was happy to see them available on Kindle. Was totally dissatisfied upon opening the Kindle app to find that only the text on the title pages is great but the text of the actual tablature is unreadable. The tablature can not be affected by enlarging or clear text. It is very small print and when enlarged it just becomes more unreadable. I have a windows 8 operating system.

Joe Bonamassa has truly great music in this product. Sadly, however, the method used to digitize the music sheets makes them impossible to read on most mobile devices without the use of a magnifying glass. I tried it on both my 10 inch netbook and my 8 inch tablet using Kindle PC with same result. I could not read the music sheets. This product is suitable for viewing ONLY on large screen laptops or large desktop monitors.

This collection of musical scores further highlights the talent and artistry of Joe Bonamassa. It may also be the only place where you can see the full musical score of Sloe Gin, his outstanding masterpiece. Getting a glimpse into how the Sloe Gin solo and the outro were constructed and how the entire piece fits together is worth the price of the whole book. Every musician interested in blues, rock and unique musical styling will benefit from the insights this collection offers.

This is WAY ABOVE my paygrade, but an inspiration to learn and perhaps one day be able to play it!

Being a fan of JB, this has become an important reference book for me. It has really helped me understand Joe's style enabling me to incorporate some of his sounds and licks to my playing. I've found it to be quite accurate. Great stuff.

Great Product, Exactly As Described, Very Happy

ok

I love it.Great book for joe's music lovers. If you don't know music notation have tabs for all.Isn't recommended for beguinners. You can fallow joe wiht de book while is playing.
