Hot Dog (Step-Into-Reading, Step 1)

Synopsis

Step 1 books entice early readers with rhyme, rhythm, and repetition. Poor Dog. He's awfully hot! But Mom won't share her lemonade. Cat won't share his shady spot on the porch. And Skunk's making a real stink about sharing his hollow log. What does a hot Dog have to do to get cool? Step 1 Readers feature big type and easy words. Rhymes and rhythmic text paired with picture clues help children decode the story. For children who know the alphabet and are eager to begin reading.

Age Range: 4 - 6 years

Grade Level: Preschool - 1

Customer Reviews

Short and easy for reluctant readers. My six year old is a very reluctant reader. The I Can Read level 1 books are so long he gets very discouraged. He has been reading Bob books and is now very proud he can read a whole book. This is a wonderful baby step from Bob books if your child is not ready for I Can Read level 1. And the stories and art are cute enough to keep the child engaged and help with context for reading. Ive ordered more level 1 and numerous level 2 for when he is ready. He reads them to me at the table while I do chores.

My kindergartener is enjoying this cute little book about a dog on a hot summer day. It has a few words he still needs help with but he is proud that he can read me a book. It is the perfect length for

new readers. I am glad we added it to my son's library!

I am a preschool teacher who specializes in emergent literacy development. This book is perfect for emergent readers. The text is very predictable and the story is perfect for children between 3 and 6. I actually have some 2 year old students in my school who have memorized this book and love it.

I purchased this so that I could get this program on my tablet and phone. The down load went quick and I was able to view both on the table and phone that I have. I would recommend this product. Got this for my nephew to read while he was visiting.

Great first reader. Some are more difficult than others. This is a good early one.

All my grandkids love to read this, the first copy fell apart so I got a second!

I was expecting something of better quality than the Bob books or the other mini beginner reader books out there. This one is for absolute beginners. I wish there was some consistency in the 1,2,3 reading levels assigned by different publishers.

This was a gift. The little one loved it.
