## **Customer Reviews**

My 7 year old kid and my 3 year old kid loves paw patrol so i chose this one for the little one to learn opposites and the big one to read it to Ava

Not worth it. No story line just some pictures of the dogs showing opposite things. I would not recommend this purchase to anyone reading this post.

My kids love these books. It's getting 4 stars instead of 5, because the price is just ridiculous for an ebook.

This is super easy even for a 3 year old

My 3 yr old is all about Paw Patrol. At \$ 0.99 the price is great. This book doesn't really tell a story. It has 1 or 2 sentences about opposites ( small vs tall) . This is perfect for my 3 yr old. She gets to help "read" the story. I get to finish all the words on the page and she tells me all about the story "picture". A Win-Win for both of us.Ã  Ã Ã

Not a lot of content but since my little one is paw patrol crazy he loves it.
