For years, Raffi has been North America's most successful children's recording artist. His live performances, award-winning CDs, concert videos, and songbooks have made him our premier family entertainer. His most recent children's CD is *Let's Play*. He lives in Vancouver, British Columbia. Cyd Moore is the renowned illustrator of many picture books, including the *Stinky Face* series by Lisa McCourt. Her work has been published in *Communication Arts Illustration Annual* and appears in newspapers, magazines, greeting cards, posters, and even McDonald's Happy Meal boxes. She lives in Beverly Hills, Michigan.

I love singing stories to my elementary students in music class. Over time, the students learn the

tunes as well and sing with me. They enjoy visuals which is why the thought of musical "story time" is usually a success for me. I love adding the motions into this as well as creating new words and motions with the students!

We love Raffi songs and this book is very cute! My daughter loves when I sing to her more than when I read to her, so it's nice to be able to show her the pictures and "introduce" her to reading books, but still be able to sing. We especially love Raffi's inclusion of bananas. =)

Great books, fun illustrations!

My youngest child's favorite book is a board book of The Wheels On The Bus by Raffi so I bought this book for her thinking she might enjoy it, too. She doesn't. This book has a completely different style of illustrations than in The Wheels On The Bus. It is a board book, so that's nice. But I don't like Raffi's modified song lyrics (i.e.: "If you're bananas and you know it") so I don't sing it as written in the book. It isn't as fun as TWOTB and the pictures aren't as pretty; there isn't as much to look at. In almost every way it's an inferior book to Raffi's TWOTB. If it wasn't a hassle to return it, I'd return this one.

The children that I read the book to really enjoyed the book.

Another Fun Book to read or sing to your kids by Raffi. I read this to them over, and over, and over-great way for them to have it memorized, or for beginning to read.

I love all of raffi's books and cds. I used them when I taught young handicapped children and they loved them! Now I buy them for my two year old great-niece and she loves them too. The tunes and lyrics are repetitive and fun!!

My 2 year old is obsessed with this book
