Kids Knit!: Simple Steps To Nifty Projects

Synopsis

Children love to knit; plus it's a must for any Brownie or Girl Scout who wants to earn her badge. From dolls to doll blankets, scarves to backpacks, the 20 projects in this fun, colorfully illustrated collection are especially geared to kids. The easy-to-follow lessons proceed logically from very basic to more advanced skills, so youngsters can keep on learning as they work. They'll see how to read patterns; cast on and do simple stitches; bind off; darn in the ends; make tassels, fringes, and pom-poms; sew on a snap fastener; join a new ball of yarn, and more. It won't be long before the youngest knitters are completing a headband, cat toy, teddy bear puppet, and drawstring purse.

Book Information

Paperback: 96 pages

Publisher: Sterling; Reprint edition (August 28, 2006)

Customer Reviews

Grade 5-8 - An eye-catching cover will attract children to the joys of knitting. The author begins by describing needles (including the various sizes in US, Metric, and UK) and yarns (how to read labels, the different thicknesses, and novelty yarns). Next, she covers the basics, using excellent explanations and clear illustrations to describe casting on, the knit stitch, binding off, reading a pattern, and measuring gauge. Other techniques are presented when needed. The 20 projects include a washcloth, doll (with dress and blanket), sunglasses case, ribbed scarf, teddy-bear puppet, drawstring purse, and tote bag. Each set of directions is divided into sections describing the

object's size, necessary materials, gauge, pattern, and finishing tips. There's a wide range of difficulty and skill levels to challenge children of all abilities. Numerous large, full-color photos of the finished items and smiling children making or modeling them are scattered throughout this visually appealing book. This title will be a welcome supplement to Carolyn Clewer's *Kids Can Knit* (Barron's, 2003) and Judy Ann Sadler's *Knitting (Kids Can, 2002)*. - Augusta R. Gr. 4-8. Bradberry's book works equally well for beginners and experienced knitters. The hallmark is clarity: easily understood instructions and sharply delineated color photos that show needles, yarn, and finished projects. Besides the requisite information on knitting and purling, there are invaluable tips about finishing garments, fixing mistakes, and adding embellishments. The projects have been chosen with an eye toward simplicity, yet they have real appeal, ranging from headbands and backpacks to scarves. Ilene Cooper Copyright © American Library Association. Gave it to a fourteen years old girl and she loves it. I'm a knitter and I also learned a tip or two.

Gave it to my grand children and they are now knitting.

I gave this book to my 12 yr old granddaughter for Christmas. I started her knitting four years ago but she was stuck on just making scarves. This book has opened up new things for her to try. She absolutely loves the book.

Fun thing for the grandkids!

Activities like knitting just are not being passed down from generation to generation any longer. So I had to sign my daughter and I up for a beginning knitters class which was not long enough - full of other students - so the teacher could not help everyone - so this book was a huge help for us. My daughter her friend and I can now knit, cast on single stick and ending the piece. I think more activities need to be passed down as they no longer have it in homemaking classes. I think it depends on the parent if its important to them to introduce their children to these lost arts.

helping me help them learn to knit so that's a good thing for me.

Great project ideas for kids!

This was a gift to a bosses daughter. They loved it!
