A Modern Approach To Classical Guitar: Book 1 - Book Only (HL00695114)

Synopsis

(Guitar). A Modern Approach to Classical Guitar is designed for anyone just learning to play guitar. Written by one of the premier classical guitarists of our time and based on years of teaching students of all ages, this revised edition includes many new pieces and an in-depth introduction to two-part music (thumb-and-fingers technique) the heart of the classical style! Book 1 includes: rest stroke and free stroke, how to read music, playing in open position, sharps and flats, basic notes and dotted notes, time signatures (4/4, 3/4, 2/4), melody with bass accompaniment, solos and duets, and more!

Customer Reviews

An excellent instruction manual that not only provides the basics needed to begin playing a guitar but also provides the gratification associated with learning simple pieces of music within just a few pages of instructions.

Excellent book, reasonably priced, order arrived promptly. The book was rolled up and stuffed into my apartment mail slot, which doesn't bother me but might offend someone more particular about their books, so be advised if you live in an apartment: it's not going to get special treatment on delivery.

I am relatively new to guitar and have several intro books. This is my favorite right now. Good choice.

Loved it. Most of the beginning of the book I already know, but that is what I wanted. I am currently taking other lessons, but those are quickly coming to a close and after scanning and trying this book I am sure this series is my next learning target. Great book.

Good method for self teaching.

Great book for the beginner. However, I just ordered this book and received the second edition Copyright 2009. I was instructed to purchase the first edition copyright 1996, which is what is listed here. needs to correct their inventory, I have contacted them and indicated that they need to appropriately identify this book. The "Look Inside" feature details the first edition, but the second edition is shipped - very different books!

Very good

It, I think, shows me a full way to handle the guitar.
