Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

The play along CD is great. For each song, there is a demo track and a play along track. However, it is just sheet music and a CD and there are only eight songs. I question the inclusion of The Red Haired Boy when there are so many good Irish jigs and reels that obviously had to be excluded and

Vol 1. was already bluegrass.

I think this book is great! I especially like the CD that comes with it to practice with! Good investment for your music library!

Hal Leonard publishing put out three mandolin instructional books, all of which are excellent. The first is on bluegrass tunes, the second is on Celtic music, and the third is on classical music, Bach. Each offers an rendition of the tune along with tablature for learning. There is a full recording with mandolin, and a second without. You provide the mandolin part. A great way to learn!
