Customer Reviews

My 7 year old daughter loves this book. It goes perfectly with her new keyboard. She likes to play songs by ear, which I did as a kid and is a great skill, but with this book she can learn to read music as well! I definitely recommend this as a starter book or intro into music reading.

The book looks easy to follow, however, the keyboard we purchased turned out to be junk (Alesis Molody 61 key portable keyboard), therefore our grandsons have not been able to use the book.

Perfect stickers, love them

gave this to my granddaughter for her 9th birthday and she loves it.

Not a great book for beginners. Had to get my son a different one.

Great book and easy to follow but book was very creased. Very disappointed in UPS packaging.

good product. Wish it had more songs.

very nice and great for beginner.
