Such an important book of acceptance and love!

I just adore this book.

Developmentally appropriate way to talk about same sex marriage in a kid friendly way.

Great story, inclusive message.

I love this story.

Worm loves Worm is a very cute story. I was not expecting it because I made a poor judgment on the book's cover, but after reading the story, never judge a book by its cover, quite literally. Very impressed and a book to read to kids.

Everyone should buy this book! It's perfect! We received it as a gift and bought a copy for our local library!

Wonderful and charming! Simple, subtle and important messages are delivered ~ great for the time... Beautiful illustrations by Mike Curato. I'd purchase again! and will be for my nieces, nephews and friends children.
