The child loves this book and is about 14 months old. Loves to flip the pages and open the flaps. Points to all the characters in the book and knows their names. Recommend and hope this helps

Simple. My daughter didn't really care for it much. I think too much was going on on the pages. But it is sturdy and has nice thick flaps.

Like it sister little bee, happy frog brings joyous reaction to my 22m old (energetic and impossible not to move for a sec.) toddler.

Such a fun and colorful book. My toddler loves it. Durable and just the right size for little hands.

17 month old - new favorite book! We read it over and over and over. Flaps are durable illustrations are great.

You get what you expect. Average in my daughters opinion.

My daughter loves these books and wants them read again and again!

Purchased for gift. Very cute little book.
