The top-selling instructional tap dance DVD series is now available in epub format! Introducing Tap Dance Made Easy Vol 1: Basic (Enhanced Edition) which contains links to 90+ minutes of streaming instructional video! An entire basic tap dance course for the price of ONE live class! Created from our top-rated Vol 1: Basic DVD (www.tapdancemadeeasy.com), this iBook was developed for the beginning student with little to no experience, or to someone who has had tap before and would like supplementary education to improve their technique.
No experience required, taught from the ground-up. Learn the 'tap alphabet': Written definitions, proper musical counts, and helpful hints included for each step taught. Streaming Video Edition features: links to 20+ instructional videos (private youtube links), featuring our signature 'dualcamera' angle, which shows each step from two camera angles: from the back, as if in a class, and from the side, showing a close-up of the instructor's feet. Three sections of instruction: Learn Tap Essentials, implement them into Exercises, and learn a full-length dance Combination incorporating everything you've learned! Also included: Glossary of basic tap dance terms Video index -- allows for quick & easy access to the video for any step in the book Bonus: links to songs used in the video are provided to you so you can create your own exercises and combinations! Difficulty Level: Absolute Beginner. total run time of video content: approx. 95 minutes Already familiar with tap dance? Just as advanced ballet dancers still take beginning classes from time to time, we recommend revisiting the basics with this course --- it's a great tool to clarify and solidify your tap dance technique. 'Embedded Video Edition' also available: This book is also available where the videos are embedded into the book. We call it the Embedded Video Edition, and while the file size is much larger than this Streaming Video Edition, it offers the convenience of allowing you to have access to the video content while offline. This Streaming Video Edition requires an active internet connection to watch the private youtube videos. Tap shoes are recommended, but not required -- workout/tennis/jazz shoes work fine when first learning.
Happy Tapping!--Eli Newsom Owner/Instructor
