Rogue Clone 6: The Clone Empire

Synopsis

Earth, 2508 A.D. Humans have spread across the six arms of the Milky Way Galaxy. The Unified Authority controls Earth's colonies with an iron fist and a powerful military-a military made up almost entirely of clones... After a blistering defeat by alien forces, clone soldier Lt. Wayson Harris and his brethren have been exiled to the far reaches of the galaxy where the Unified Authority intends to use them as targets for live-fire training exercises. But the clones they created and trained to fight have founded their own empire. Now, Harris will unleash his rage against the might of the U.A. Fleet, leading an army with everything to fight for, and one thing to die for-revenge.

Customer Reviews

Graphic Audio have done a great job of bringing this story to life. I find myself looking for jobs to do, so I can put my headphones on and listen to more of the action. I highly recommend this story to people who are fans of science fiction, but make sure you start at the first book!

I read the book when it first came out and loved it. Now that Graphic Audio has redone this series I have discovered that it is even better with sound effects and music along with the full cast of voices brought an already great story to life.!! Highly recommended!
